

# What you can find in the library

In the children's section, you can find different and suitable equipments for all ages:

- books of cloth and rubber games, board books,
- fables and fairy tales, illustrated books
- - toys, board games, wood games, logic games,
- puzzles, comics...
- - DVDs, CDs.

This section is built on a "child's measure", with small bookcases, small tables and chairs, and a big mat. Parents can find books to read, bibliographies and informative brochures that can help them with the education of their babies.

The library has a baby Pit Stop, a specially-equipped area where mothers can feel comfortable to breastfeed their babies and are also provided with a diaper table.

# How your library works

## REGISTER TO YOUR LIBRARY!

Everyone can register to the library and get a free card, without limits of age, origins and culture. Once registered, you will receive a personal and free card, with which you can borrow books, magazines, films, CDs and DVDs. The material('s) loan is free.

It is necessary for children to be accompanied by their mum or dad, who will be required to fill in a document of authorization.

## YOU WILL FIND OUR LIBRARIANS

Allegra, Mariagrazia, Marta, Mirco, Susy

- Take books and other materials home
- Read a story together
- Get advice on the best books for your children
- Play together
- Listen to readings
- Participate at workshops and shows
- Search information about their development, education, reading, services and proposals for children in the community.

# Born for Music

The library of Valdagno adheres to the project Born for Music which promotes the musical experience in the family as a relationship tool, already during pregnancy, for a better development of the child in the early stages of life.

Awareness is raised thanks to operators who deal with early childhood such as librarians, educators, musicians, pediatricians, midwives.

The Program is promoted by the Pediatric Cultural Association and the Child Health Center and is active throughout the country thanks to the regional networks of operators, who coordinate and promote various local initiatives for preschool children and their families.

# Born to read

The library of Valdagno adheres to the national project Born to Read, which promotes reading aloud for children from already 6 months old.

The project is supported by the Italian Library Association, the Cultural Association of Pediatricians and the Child Health Center.
